THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths and thoroughly screened. The dining room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date library.

In addition to the Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dining pavilion, and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established fact.

The proof of all is to join with the many who are booking for the season. For rates and reservations apply to

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. Cheney & Co., Toledo, O.

Sold by druggists. Take Hall's Family Pills for constipation.

The body of Mr. J. N. Chance, the murdered merchant of Morrison, was buried yesterday afternoon at that place, under the auspices of the Masons. The murderer, Gabe Priest, was taken to Brownson yesterday afternoon and confined in jail there.

The people who were to have given the show at the armory last night did not give a performance. The marshal wanted a license for bill posting and they were requested to put up a bond for that, and then requested another for the show, and the proprietors rightly refused to the conclusion that the performance would not pay expenses.

THE WISDOM OF ANIMALS
You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. Kodol for dyspepsia takes up the work for your stomach, digests what you eat and gives it rest. Put it back in condition again. You can't get on with a diseased stomach. Try Kodol. Sold by the Anti-Monopoly Druggists.

DAVIS JUHAN

At 10:30 o'clock at the home of the bride's mother, Mrs. M. C. Juhan, on Fort King avenue, Miss Allie Van Juhan and Mr. Charles Albert Davis of Jacksonville were married in the presence of a number of friends and the families of the contracting parties. Rev. W. C. Lindsay tied the nuptial knot.

The fair bride was dressed in a beautiful gown of white silk and carried an exquisite bouquet of brides roses, and the young couple stood beneath a huge wedding bell of lovely flowers. Mr. G. T. Mangis, the groom's uncle, acted as his best man, and the bride's sister and brother, Miss Mary Juhan and Mr. John Juhan, stood by with them.

The house was beautifully decorated with flowers and evergreens. Punch was served while the guests were arriving, and after the ceremony a lovely full course wedding breakfast was served to the wedding party, and a buffet breakfast to the guests.

The young couple were the recipients of a great many beautiful presents both from Ocala and from friends at a distance.

Mr. and Mrs. Davis left on the north-bound Seaboard train for Jacksonville, where they will make their future home. Mr. Davis is an express messenger between Jacksonville and Tampa on the Seaboard, and is a splendid young man in every respect.

The bride is one of our fairest and most popular young women and has been raised in Ocala from early childhood. She is accomplished and possesses a lovely disposition, and is a bride well worth winning. That happiness and prosperity may pursue the young couple through life is the wish of the Star and their host of friends here.

THE BANNER CACKLES AGAIN

The Banner has found another "mare's nest" and repeats its old familiar cackle. Referring to a tragedy at Morrison, in which it is said there was the fire of strong drink, the Banner says:

"What is this that we hear? That there was a good deal of drinking and much rowdiness? Remember the Morrison is in Levy and Levy is in a 'dry' county, and we have excellent and positive authority right here in Ocala that prohibition does prohibit. It is utterly destitute of argument on the subject, and simply dips its pen in a bottle of ridicule in the shape of irrelevant citations.

Look at the case: An election is going on. It is a special election, when special effort is made to have some liquor on hand, and they succeed.

Now, what causes the Banner to cackle over this rather common occurrence? Nothing but the mere fact that it occurred in a 'dry' county. And because there was some liquor used in a 'dry' county the Banner decides to believe that prohibition does not prohibit. But certainly the Banner is old enough to know that the principle and theory of prohibition does not mean the absolute prevention of all drinking. All laws are prohibitory, yet there is not a single one that is absolutely effectual in its operation. True, the Banner seems to believe that all laws are observed to the letter, else it would find some ink at them, and ridicule them just as it ridicules 'prohibition.' There is a law against hog stealing both in the county of Levy and the 'wet' county of Marion. But certainly there is no such thing as hog stealing in either of these counties, else the Banner would find some ink against the law.

The very first report of hog stealing would cause the Banner to cackle over the discovery, and try to make intelligent people ashamed that they would have such a law—a law that does not stop people from stealing hogs!

Phew! The Banner has better stuff in its head than it gives us on this subject. It knows that 'prohibition' is a motion to restrict—to reduce. This is done, beyond the shadow of a doubt. There may be sporadic exceptions, but the rule is safe. And when the Banner tries to laugh us out of the stage we shall be tempted to accept the growing belief that it has determined, on this question, to throw reason to the winds. If such is to be the case we suggest that when the next mare's nest is found do not forget the hogst!

L. W. Moore.

THE REAL TEST

Of Herpicide is in Giving it a Thor-

ough Trial

There is only one test by which to judge of the efficiency of any article, and that is by its ability to do that which it is intended to do. Many hair vipers may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that New-bro's Herpicide stands the 'test of use.'

It is a delightful dressing, clear, pure and free from all oil or grease. Sold by leading druggists. Send 1c. in stamps for sample to The Herpicide Co., Detroit, Mich. Tylings & Co., special agents, Ocala, Fla.

SHOWERED MISS JUHAN

Miss Louise Harris gave a delightful house shower yesterday afternoon in honor of Miss Allie Van Juhan, the bride of this morning. Many young people were present and the occasion was a most pleasant one.

Mr. R. A. Highsmith of Gainesville has been in the city for the past few days, representing the Signs of the Time Publishing Company of Mount Pleasant, Va., and met with a most liberal support.

Miss Dorothy Lancaster gave a most enjoyable informal party Wednesday afternoon to about thirty-five of her young friends. Miss Dorothy was assisted in receiving by Miss Una Taylor and Miss Francis Dittmer.

Miss Annie Virginia Turner of Suffolk, Va., will be married tonight at 8 o'clock to Mr. Thomas Albert Smith of Norfolk, Va. Miss Turner is the charming sister of Miss Jack Camp of this city.

Dr. L. F. Blalock of this city will be married at 8 o'clock tonight in Atlanta, Ga., to Miss Irma Lillian Richardson of this city.

C. J. Rogers of Palatka was a business visitor in the city yesterday and stopped at the Ocala House.

ANCIENT ROME

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for rheumatism, burns, cuts, sprains, neuralgia, etc. Mr. C. H. Ruryon, Stanberry, Mo., writes: 'I have used Snow Liniment for rheumatism and all pain. I can't say enough in its praise.' Sold by the Anti-Monopoly Druggists.

They catch the kidneys and cure them when they're sick.

D. J. Stearns of No. 410 1/2 Franklin St., Tampa, Fla., a fireman at station 1 of the fire department, says:

"I have found Doan's Kidney Pills all that they are recommended to be. I suffered with backache for eighteen months. There was a constant pain across the small of my back, so severe at times as to almost lay me up. I could hardly get off a chair after sitting a little while. It was worse at night, keeping me awake for hours. The secretions were very dark and full of sediment and I would have to get
